1.

What you can expect:

We photograph several horses in motion and in portrait. In at least six to eight (or more if time permits) breathtaking locations. There will also be new locations that have not yet been chosen on my previous trips.

Experience the incomparable landscape, which is characterized by volcanoes, glaciers, waterfalls and black beaches, and let yourself be enchanted by the mystical atmosphere of this country.

For me, Iceland is one of the most beautiful countries in the world. A country of contrasts, the most diverse forces of nature and fire and ice come together.

Photographing horses in this environment is an absolute dream and a unique experience. The whole thing is absolutely special! I work with a farm where we have the opportunity to go into the middle of the herd and spend time very close to the horse and cuddle. We also travel together with selected horses to great locations such as: volcanoes, glacial rivers, glaciers, waterfalls, black sand beaches (depending on what is possible and when).

2. Requirements

Requirements:

The basic equipment for these portfolio days includes camera equipment as well as waterproof hiking boots, gloves, hat, functional clothing, rubber boots or, better still, waders. I will be happy to send you a more detailed packing list on request.

You should be fit for photo sessions and car journeys lasting several hours (the days will be long!) and sure-footed.

The journey, rental car, accommodation near Hvalsöllur (1h 50 min from the airport) must be organized by yourself. However, I will be happy to help you organize everything safely.

For a better organization among the photographers I will open a WhatsApp group, here we can organize common rental cars or accommodation.

3. More info

The national currency is the Icelandic krona. You can exchange currency at KEF airport, but credit cards are accepted everywhere, even for smaller amounts.

You can withdraw Icelandic kroner from any ATM with an EC card. Documents required:

- Passport or identity card
- International health insurance
- Iceland is not an EU country, but is part of the Schengen area, so as an EU citizen you do not need a visa!

Image rights:

In general, all images that are created may be used for the portfolio.

If photos from the organized shootings are used in social media, it is only necessary to add a note that these pictures were taken as part of this portfolio day (with a link).

You may use the pictures on your website / flyer / own advertising material without attribution. Further commercial use or sending in the pictures for competitions is only possible after prior consultation with me!

4. Costs

Your investment for these two days is 549,- incl. 19% VAT.
